

Your Popcorn Factory if using a hot air popper

1. Put one measure of corn into your popper machine.
2. When the corn is popped, spread it onto a tray and spray it with a little vegetable oil from a pressure-can spray .
3. Put the popped corn into a plastic bag and sprinkle in some salt and some flavour.
4. Shake the bag.
5. Eat the flavoured corn. Yummmmmmm.

Your Popcorn Factory using a saucepan

1. Put 1/3 cup of corn into your saucepan.
2. Pour enough sunflower oil to cover the bottom of the saucepan. Swirl saucepan to coat the corn. Heat saucepan with lid on.
3. Put the popped corn into a plastic bag and sprinkle in some salt and some flavour.
4. Shake the bag.
5. Eat the flavoured corn. Yummmmmmm.
